P	L14-30R

- Easily distribute power from any UPS
- Available in multiple configurations
- Common return terminal blocks
- Powder coat finish
- Listed to UL Standards and CSA certified

C&C Power's AC Outlet Panel provides an effortless way to customize the AC output distribution for any UPS system. The panel is available in multiple versions which can be floor or wall mounted, and in some cases can be installed directly to the UPS.

The AC Outlet Panel has up to five user specified positions which accommodate one of many receptacle choices with circuit breaker protection. The panel is supplied with common return terminal blocks for each circuit. The AC Outlet Panel can be hard wired and is also available with multiple input cord options.

The AC Outlet Panel is listed to UL Standards and is CSA certified.

Arrange suffix letters in alphabetical order for the five positions listed below.

C&C Model #	Style	Position 1	Position 2	Position 3	Position 4	Position 5
90709-	Outlet Box	A	A	A	A	A
90715-	Outlet Panel	A	A	A	A	A
