

Spares Battery Cabinet

Backup Battery Storage

- Always have spare batteries on hand
- Multiple battery configurations
- Internal 12 VDC charger
- Batteries are pre-installed with pluggable connectors
- Heavy duty casters with elevator bolts
- Welded heavy gauge steel construction
- Available in multiple powder coat finishes
- Zone 4 approved

C&C Power's BC14 Spares Battery Cabinet is a convenient solution for storing spare batteries on site. The cabinet consists of a 12 volt charger inside that is pre-wired to the batteries with pluggable connectors.

The charger keeps the batteries fully charged and allows for immediate replacement into critical systems. This NEMA 1 rated battery cabinet is constructed of welded heavy gauge steel and is available in multiple colors of durable and corrosion resistant powder coat finish.

Battery Configurations		
WPC Capacity	Max. Number of Batteries	Weight (lbs/kgs)
200W	18	959/456
300W	12	905/411
350W	8	753/342
400W	8	825/375
500W	8	1065/484
540W	8	1065/484
620W	8	993/451
